U.S. vs. Allende

By David J. Morris

Allende is moving toward the international stage with an environmental policy

One of the central leaders of the last few years has been Allende, the social

leader in Chile with the support of the people. The military junta in Chile has

been in power since 1973, and the people of Chile have been fighting for their

freedom and rights. The Allende regime in Chile

has been described as the most democratic in Latin America. The Chilean

people have been able to exercise their freedoms and rights in a way that has

not been seen in many other countries. The Allende regime has been

supported by the people of Chile and has been able to achieve significant

progress in terms of economic and social development.

However, the military junta has been in power since 1973, and the people of

Chile have been fighting for their freedom and rights. The Allende regime

has been described as the most democratic in Latin America. The Chilean

people have been able to exercise their freedoms and rights in a way that has

not been seen in many other countries. The Allende regime has been

supported by the people of Chile and has been able to achieve significant

progress in terms of economic and social development.

The Allende regime has been described as the most democratic in Latin America.
The Chilean people have been able to exercise their freedoms and rights in a
